REDUCED MOBILITY

Supporting integration and solidarity

- Partnership with an ESAT for badge assembly.
- Mobilization of integration stakeholders via service providers.

Designing a more eventful event RESPONSABLE

Promoting waste sorting and recovery

- **Specific collection** and **sorting** for assembly and disassembly.

- Provision of skips with Valdelia for the **reuse of materials**.

- Glass **bottle sorting** provided during the exhibitor evening.

- Processing of **biowaste** collected from restaurants.

- Installation of collection bins for **recycling** and **reuse** of badge holders.

100% Use of electrical energy from renewable sources

Optimizing facilities and resources

- The design of the spaces encourages reuse and rental to limit the environmental impact of the trade show.
- The spaces are designed to limit environmental impact through reuse and rental.

Choosing a location committed manager

- LED and heating/ventilation management systems optimized for controlled consumption.
- Increase in the number of water fountains compared to the previous year, to reduce the use of plastic bottles.

Encouraging eco-friendly practices in everyday life

Disseminating best practices and encouraging the circular economy.

- Guide to sustainable development
- Promotion of eco-friendly practices
- Promoting public transportation
- Catering available local cuisine
- Goodies useful and durable
