## WHY TAKE PART IN **SOLUTRANS?**

#### **TO SHOWCASE** YOUR INNOVATIONS

The I-nnovation Awards are the ideal platform to present and highlight your latest ground-breaking products, services and ideas in front of an international audience.

"Taking part in Solutrans is a unique occasion where we meet nearly all our clients. To our great surprise, we were shortlisted for the I-nnovation Awards ceremony, which was already a victory of sorts for us. In the end we were honoured to win the Gold award, for a solution that the judges qualified as pragmatic and CSR. This award offers us real recognition from the industry, illustrating our desire to innovate for our clients. We received a lot of visits to our stand after this win, and we are regularly contacted by new clients about this innovation."

Arnaud LEBON-ROUAULT Chief Manufacturing Officer at CARROSSERIE INDUSTRIELLE CVIM

"For our group, Solutrans is an essential moment for reuniting with our clients. Firstly, it offers a moment of exchange and conviviality. Taking part in the Innovation Awards is an excellent showcase in which to present our new products. This Award offers a spotlight through which to address the topic of innovation and present it more widely to the market. The investment in terms of time to prepare our entry has been clearly paid back by the media coverage we received. The award also gives a form of legitimacy to the innovation, even if the acid test is ultimately its commercial success."

# THE GLOBAL HUB

FOR HEAVY & LIGHT COMMERCIAL VEHICLES

"In the space of just a few years, SOLUTRANS has become a key event for the Commercial Vehicle sector throughout the world. We owe this success to our unwavering focus on hauliers, and on them alone. And you, exhibitors from the industry, are the reason behind this success! Our visitors, attending in greater numbers and better qualified each year, also offer evidence of this. Join us at the heart of the Global Hub for Heavy and Light Commercial Vehicles!"
